14. The talent portion of the Miss competition shall be presentation of a "show tune(s)" in the manner normally done by illusionists. Show tunes must be country and western.

HORSEMANSHIP RULES FOR MR/MS IGRA

Judging for the horsemanship portion of the Mr. and Ms. contests is to be based generally on the Western Riding Pattern in the American Quarter Horse Association Handbook. The rules as amended by IGRA are as follows:

- a. Western Riding is neither a stunt nor a race, but it should be done with reasonable speed. It is a competition in the performance of a sensible, well-mannered, free and moving ranch horse which can get its rider around on the usual ranch chores, over the trails, or give a quiet comfortable and pleasant ride in open country.
- b. The contesting rider will be judged on ability to control mount through gaits (walk, trot, lope). Contestant

must demonstrate poise, confidence, sportsmanship and showmanship.

c. A hackamore or curb, snaffle, half-breed or spade bit is permissible. Chain curbs are permissible, but must meet the approval of the judge, must be a least 1/2 inch in width, and must lie flat against the jaw of the horse. No wire curbs, regardless of how padded or covered, nor any chin strap narrower than 1/2 inch will be permitted. A martingale nose band or tie-down is prohibited.

d. The following pattern and routine are prescribed. It is essential that judge and exhibitors adhere to it.

e. On the pattern, the short, double line represents a swinging gate which the horse must put the rider in a position to open, pass through and close without dismounting. It may be located in any part of the arena and should be one which will not endanger horse or rider.

f. The eight small circles represent markers (barrels, kegs or standards recommended). These should be separated by a uniform distance of not less than thirty nor more than fifty on the side with five markers (see diagram).

g. The rectangle represents an obstacle (one small log recommended) just high enough to break the animal's-stride.

h. The long and sometimes twisting line indicates the direction to travel and the gaits at which the horse is to move. The dotted line (...) indicates walk, the dash line (---) trot and the solid line (___) lope.

i. Contestants will be required to dismount, lead away and back up the horse and remount.

j. The exhibitor will put his horse through the gate and proceed on the routine as indicated by the pattern. Any horse not following the pattern exactly will be disqualified.

k. The judge may require any exhibitor to repeat or reverse any part of the routine.

l. Only one hand may be used on reins and hands must not be changed, except that it is permissible to change hands when opening the gate, if the gate is in such a position as to justify a change of hands on the reins.

m. Hands to be around reins. One finger between the reins permitted.

n. While horse is in motion, rider's hands shall be clear of horse and saddle.

o. Romals, quirts, and crops, if worn or carried, MAY NOT BE USED.

P. The contesting horses must be properly groomed and in sound condition. All equipment used must be in good and safe repair.

q. Contestants may be disqualified for non-compliance or published rules, refusal to follow the requests of judges. Any contestant may be disqualified without explanation if deemed a hazard to spectators, contestants or their mounts.
